

G'DAY

NATIONAL GUIDE 2019

AUSTRALIA'S LARGEST NETWORK OF PARKS

G'DAY

from our CEO

G'DAY and welcome to the second edition of our combined G'DAY Group national guide, featuring 270 Discovery Parks and Top Parks in almost every corner of our beautiful country. We're proud to keep building and improving our portfolio of holiday parks, we're particularly excited to unveil our new eco-tourism venture – Discovery – Rottneest Island, where you can experience the island's spectacular natural environment in luxury.

With more parks in more places, our network includes parks in the outback, among our wonderful beaches and along our country's great touring routes, providing the chance to connect with the real Australia in all types of accommodation. And whether you are staying in a luxury safari tent, a caravan, a cabin or a swag, you'll have access to the park's facilities, whether they have resort pools and jumping pillows or camp kitchens and fire pits. We also have more pet friendly parks than any other network.

From my own experience, holiday park people are the among the most hospitable and friendly people around, and I know you'll receive a warm welcome wherever you go.

Wherever you stay in the network, you'll have access to discounts through our industry-leading G'DAY Rewards loyalty program, which provides discounts and rewards in parks, as well as with our ever-expanding list of corporate partners such as Virgin Australia and Mitsubishi. We can't wait to hear about your latest adventures – share your stories at @TopParks and @discoveryparks.

The rum's better than good – you can even craft your own. But did you know there's more to see and do? Witness baby turtles hatching from their eggs and visit the Aboriginal art sites in the Sandstone Wilderness. With warm climes throughout the year, the time is always ripe to explore the outdoors.

Fraser Coast

Set foot onto the World Heritage-listed Fraser Island – the largest sand island in the world. Whale watching, four-wheel driving, fishing, and snorkelling are all at your fingertips. Follow the winds in the east to Maryborough for the family friendly Mary Poppins festival.

THE MURRAY & OUTBACK

The Murray

There's a spark of magic about the Murray River. It's a source of the region's abundant produce and wine regions, the channel for hundred-year-old paddle steamers, and home of the Murray Cod. The calm backdrop to a family holiday or romantic retreat by the water.

Outback

On the western border of New South Wales, you'll find yourself on the frontier to the outback. Tour heritage walks, a dinosaur fossil site and an opal mine. Without the city lights, the sky absolutely shimmers – so take a stellar stargazing tour through the Milky Way.
